

How can I set an internal/external Night Service forwarding destination?

1. Open the menu, press control key  (on the dark displayed side).

2. Select "Base Settings", press control key  and confirm with display key **OK**.

3. Select "Night service" with display key **↓** or **↑**. Confirm with display key **OK**.

4. Choose an MSN with display key **↓** or **↑**. Confirm with display key **OK**.

5. Select "Forward. dest." with display key **↓** or **↑**. Confirm with display key **OK**.

6. Select "External", "Internal" or "Answ.Machine" with display key **↓** or **↑**. Confirm with display key **OK**.

- The option "Answ.Machine" is only offered with Gigaset 4175isdn. If you select this option all calls are forwarded to one of the three answering machines.

7. **Entering an external destination call number:**

Enter the external destination call number for night service and confirm with display key **≡+**.

"Save entry". Confirm with display key **OK**.

Or

- Entering an internal destination call number:**

Select the internal subscriber with display key **↓** or **↑**. Confirm with display key **OK**
