

Profile

Ms. Barbara Münch has worked in the management of different companies in the financial sector, having more than 20 years of experience in the areas of compliance, banking supervisory law, capital market law and corporate law.

Ms. Münch had at first become a member and the Deputy Chairwoman of the Supervisory Board of Gigaset AG in January 2013 until December 2013. From January 2014 to December 2015, she was a member of the Supervisory Board of Gigaset's subsidiary Gigaset Communications GmbH. She rejoined the Gigaset AG supervisory board again in January 2019 and was subsequently appointed again as Deputy Chairwoman.

Barbara Münch is currently a member of the management board of AssetMetrix GmbH, based in Munich, Germany, a leading next generation asset servicer in the field of private capital. Prior to this, Barbara Münch was a Managing Director in a Munich based investment bank. In both positions, her responsibility covers all legal, compliance and regulatory matters, investor relations and HR. Ms. Münch started her carrier as the head of the legal and patent department of the Max Planck research institute for plasmaphysics.

Ms. Münch has a degree in law from the Ludwig-Maximilians-University in Munich, Germany. She was admitted as attorney-at-law in 2000.
