Procedures

Example: Switching Auto answer on/off

Illustration in the user guide:

▶ ■ ▶ . . . use 🔲 to select ⚙ **Settings** ▶ **OK** ▶ 🔲 **Telephony** ▶ **OK** ▶ **Auto Answer** ▶ **Change** (☑ = on)

Step	Follow this procedure
▶ ■	When in idle status press the **centre** of the control key. The main menu opens.
▶ 🔲 ⚙	Navigate to the ⚙ icon using the control key 🔲.
▶ **OK**	Select **OK** to confirm. The submenu **Settings** opens.
▶ 🔲 **Telephony**	Select the **Telephony** entry using the control key 🔲.
▶ **OK**	Select **OK** to confirm. The submenu **Telephony** opens.
▶ **Auto Answer**	The function to switch Auto answer on/off appears as the first menu item.
▶ **Change**	Select **Change** to activate or deactivate. Function is activated ☑ /deactivated ■.

Safety precautions

> Read the safety precautions and the user guide before use.
> Explain their content and the potential hazards associated with using the device to your children.
>
> The device cannot be used in the event of a power failure. In case of a power failure it is also **not** possible to make **emergency calls**.
> Emergency numbers **cannot** be dialled if the **keypad/display lock** is activated!

	Do not use the devices in environments with a potential explosion hazard (e.g. paint shops).
	The devices are not splashproof. For this reason do not install them in a damp environment such as bathrooms or shower rooms.
	Use only the power adapter indicated on the device.
	Use only **rechargeable batteries** that correspond to the **specification** (see "Specifications"). Never use a conventional (non-rechargeable) battery or other battery types as this could result in significant health risks and personal injury. Rechargeable batteries, which are noticeably damaged, must be replaced.
	If you give your Gigaset to a third party, make sure you also give them the user guide.
	Remove faulty devices from use or have them repaired by our Service team, as these could interfere with other wireless services.
	Do not use the device if the display is cracked or broken. Broken glass or plastic can cause injury to hands and face. Send the device to our Service department to be repaired.
	Do not hold the rear of the handset to your ear when it is ringing or when speaker mode is activated. Otherwise you risk serious and permanent damage to your hearing. Your Gigaset is compatible with the majority of digital hearing aids on the market. However, perfect function with all hearing aids cannot be guaranteed. The phone may cause interference in analogue hearing aids (humming or whistling) or cause them to overload. If you require assistance, please contact the hearing aid supplier.
	Using your telephone may affect nearby medical equipment. Be aware of the technical conditions in your particular environment, e.g. doctor's surgery. If you use a medical device (e.g. a pacemaker), please contact the device manufacturer. They will be able to advise you regarding the susceptibility of the device to external sources of high frequency energy (for the specifications of your Gigaset product see "Specifications").

Getting started

Contents of the package

• One **handset**,
• One charging cradle including power adapter,
• One battery cover,
• Two batteries,
• One user guide

Setting up the charging cradle

The charging cradle is designed for use in enclosed, dry rooms within a temperature range of +5 °C to +45 °C.

The device's feet do not usually leave any marks on surfaces. However, due to the multitude of different varnishes and polishes used on furniture, contact marks on the surfaces cannot be completely ruled out.

ⓘ Never expose the telephone to heat sources, direct sunlight or other electrical devices.

Protect your telephone from moisture, dust, corrosive liquids and vapours.

Connecting the charging cradle

▶ Insert the jack of the power adapter into the power supply on the bottom of the charging cradle ☐1, turn it backwards and click into place.

▶ Run the cable through one of the cable channels ☐2.

▶ Plug the power adapter into the power socket ☐3.
To remove the plug from the charging cradle again:

▶ Disconnect the power adapter from the mains power supply.

▶ Turn the jack forwards (unlock) and remove.

Setting up the handset for use

The display is protected by a plastic film. ▶ **Please remove the protective film!**

Inserting the batteries

⚠️ Only use rechargeable batteries, as this could otherwise result in significant health risks and personal injury. For example, the outer casing of the batteries could be destroyed or the batteries could explode. The device could also malfunction or be damaged as a result of using batteries that are not of the recommended type.

▸ Insert the batteries (for correct +/- direction, see diagram).
▸ Close the battery cover and apply pressure until it clicks into place.
To re-open the battery cover:
▸ Reach into the recess and lift the cover.

Charging the batteries

▸ Charge the batteries fully prior to first use in the charging cradle.

The batteries are fully charged when the power icon ⚡ disappears from the display.

ⓘ Batteries may heat up during charging. This is not dangerous.

After a time, the charge capacity of the battery will decrease for technical reasons.

Changing the display language

You can change the display language, if the telephone has been set to an incomprehensible language.

▶ Press the centre of the control key .

▶ Press the keys 6 and 5 **slowly** and successively . . . the language settings display appears, the set language (e. g. **English**) is highlighted (= selected).

Deutsch	○
English	◉
Francais	○

▶ Selecting a different language: ▶ Press the control key , until the desired language is highlighted on the display, e. g. **Francais** ▶ press the key on the right directly underneath the display to activate the language.

▶ To revert to idle status: ▶ Press and **hold** the End call key

Registering the handset

A handset can be registered to up to four base stations. The registration process depends on the base station.

Registration must be initiated on the base station **and** on the handset.

Both must be carried out **within 60 secs**.

On the base station

▶ Press and **hold** the Registration/Paging key on the base station (approx. 3 sec.).

On the handset

▶ ▶ . . . use to select Settings ▶ OK ▶ Registration ▶ OK ▶ Register Handset ▶ OK ▶ . . . use to select base station (if the handset is already registered to four base stations) ▶ OK . . . an available base station is sought ▶ . . . enter system-PIN (default setting: **0000**) ▶ OK

Once registration is complete, the handset returns to idle status. The internal number of the handset appears in the display, e.g. **INT 1**. If not, repeat the procedure.

Setting the date and time

Set the date/time so that the correct date and time can be assigned to incoming calls, and to enable the alarm to be used.

▸ Press the display key **Time**

or, if the date and time have already been set:

▸ ■ ▸ ... use ⬚ to select ⚙ **Settings** ▸ **OK** ▸ **Date/ Time** ▸ **OK**

The active cursor position flashes ▸ ... change cursor position with ⬚ ▸ ... switch between cursor positions with ⬚

Enter date:

▸ ... using ⬚ enter the day, month and year in 8-digit format, e.g. [1][5][0][8][2][0][1][5] for 15/08/2015.

Enter time:

▸ ... using ⬚ enter hours and minutes in 4-digit format, e.g. [0][7][1][5] for 07:15.

Save settings:

▸ Press the display key **Save**. ... **Saved** is shown in the display and a confirmation tone sounds.

Return to idle status:

▸ Press and **hold** the End call key 🔲

The telephone is now ready for use.

Date/Time
Date:
15/08/2015
Time:
00:00
Back Save
Handset settings

In the **Settings** menu you can adapt the handset as you desire, e.g. choose a different screensaver, larger text size or a different ringtone.

▸ ■ ▸ ... use ⬚ to select ⚙ **Settings** ▸ **OK** ▸ ... use ⬚ to select a submenu e. g. **Audio Settings** ▸ **OK** ▸ ... navigate to the desired function ▸ ... confirm the setting ▸ **Save**

ⓘ Further information about settings can be found in the detailed user guide for the Gigaset CL750 at ➜ www.gigaset.com/manuals

Using the telephone

Getting to know your telephone

Switching the handset on/off

Switch on: ▶ When the handset is switched off press and **hold** the End call key 🔲

Switch off: ▶ When the handset is in idle status press and **hold** the End call key 🔲

Locking/unlocking the keypad

The keypad lock prevents any accidental use of the telephone. If the handset is locked with a PIN, you need this to unlock it.

Switch on: ▶ ⌗ Press and **hold** . . . the icon 🔒 appears on the display

Switch off: ▶ ⌗ Press and **hold** ▶ . . . use 📱 to enter the handset PIN (if other than 0000)

ⓘ If a call is indicated on the handset, the keypad automatically unlocks and you can accept the call. It then locks again when the call is finished.

It is not possible to call emergency numbers either when keypad lock is activated.

Control key

The control key enables you to navigate the menus and input fields, and also to call up certain functions depending on the situation.

In the description below, the side of the control key (up, down, right, left) that you have to press in the different operating situations is marked in black, e. g. ▶ for "press right on the control key" or ◼ for "press the centre of the control key".

In idle status

Open the directory	🔽 Press **briefly**
Open the main menu	◼ or ▶
Open the list of handsets	◀
In submenus, selection and entry fields

Confirm a function ◼

During a conversation

Open the directory	▯
Mute the microphone	▯
Initiate an internal consultation call	▯
Adjust the loudspeaker volume for receiver and handsfree mode	▯

Display keys

The display keys perform a range of functions depending on the operating situation.

Current display key functions

Display keys

Display key icons ➜ p. 31.

Menu guidance

The functions of your telephone are displayed in a menu that consists of several levels

Select/confirm functions

Confirm selection using	**OK** or press the middle of the control key ▬
One menu level back using	**Back**
Change to idle status by	▭ Press and **hold**
Switch function on/off using	**Change** on ☑ / off ☐
Activate/deactivate option using	**Select** activated ◉ / not activated ○

Main menu

In idle status: ▶ Press the **centre** of the control key ▬ ▶ . . . use the control key ▐ to select a submenu ▶ **OK**

The main menu functions are shown in the display as icons. The icon for the selected function is highlighted in colour and the name of the associated function appears in the display header.

Example

Submenus

The functions in the submenus are displayed as lists.

To access a function: ▶ . . . use the control key 🔼 to select a function ▶ **OK**

Return to the previous menu level:

▶ Press the display key **Back**

or

▶ Press the End call key 🔚 **briefly**

Returning to idle status

▶ Press and **hold** the End call key 🔚

Example

| Settings	
Date/Time	
Audio Settings	
Display	
Language	
Registration	
⌄	
Back	OK
ⓘ If a key is not pressed, after 2 minutes the display will **automatically** change to idle status.

Entering text

Input position

▶ Use 🔼 to select an entry field. A field is activated when the cursor is blinking inside it.

▶ Use ◀▶ to move the position of the cursor.

Correcting incorrect entries

- Delete **characters** to the left of the cursor: ▶ ‹C Press **briefly**
- Delete **words** to the left of the cursor: ▶ ‹C Press and **hold**

Entering letters/characters

Multiple letters and numbers are assigned to each key between [2] and [9] and the [0 ⎵] key. As soon as a key is pressed, the possible characters are displayed at the bottom of the display. The selected character is highlighted.

New Entry	
First Name:	
Peter	
Surname:	
Phone (Home):	
	Abc
‹C	Save

- Selecting letters/digits: ▶ Press the key **briefly** several times in succession
- Switch between lower case, upper case and number entry mode: ▶ Press the hash key [# ⁻⁰] When editing a directory entry, the first letter and each letter following a space is automatically in upper case.
- Entering special characters: ▶ Press the star key [*] ▶ . . . use 🔼 to navigate to the desired character ▶ **Insert**

ⓘ The availability of special characters depends on the character set of the handset.

Making calls

Making calls

▶ . . . use ▦ to enter the number ▶ **briefly** press the Talk key ⌜☎⌝

or

▶ Press and **hold** the Talk key ⌜☎⌝ ▶ . . . use ▦ to enter the number

Cancel dialling: ▶ Press the End call key ⌜☎⌝

Dialling from the directory

▶ . . . use ⌷ to open the directory ▶ . . . use ⌷ to select an entry ▶ press the Talk key ⌜☎⌝

If multiple numbers are entered:

▶ . . . use ◂▸ to select a number ▶ press the Talk key ⌜☎⌝ . . . the number is dialled

ⓘ For fast access (quick dial): Assign numbers from the directory to the digit or display keys.

Dialling from the redial list

The redial list contains the 20 numbers last dialled with the handset.

▶ **Briefly** press the Talk key ⌜☎⌝ . . . the redial list is opened ▶ . . . use ⌷ to select an entry ▶ press the Talk key ⌜☎⌝

If a name is displayed:

▶ **View** . . . the number is displayed ▶ . . . use ◂▸ to browse numbers if necessary ▶ . . . when the desired number is reached press the Talk key ⌜☎⌝

Dialling from the call list

The call lists (➜ p. 17) contain the most recent accepted, outgoing and missed calls.

▶ ▦ ▶ . . . use ✦ to select ✦ **Call Lists** ▶ **OK** ▶ . . . use ⌷ to select a list ▶ **OK** ▶ . . . use ⌷ to select an entry ▶ Press the Talk key ⌜☎⌝

Example

All calls
✦ ☐ Frank
14/02/2015, 15:40
✦ 089563795
13/02/2015, 15:32
✦ ⬟ Susan Black
11/02/2015, 13:20
View   Options

ⓘ The call lists can be displayed directly by pressing the display key **Calls** if the relevant function has been assigned to the display key.

The **Missed calls** list can also be opened by pressing the Message key ⌜✉⌝.

Further information about making calls:

*   Calling Line Identification,
*   Managing entries in the redial list,
*   One touch call,
*   Dialling in extension systems

can be found in the detailed user guide for the Gigaset CL750 at
→ www.gigaset.com/manuals

Incoming calls

An incoming call is indicated by ringing, by a display on the screen and by the flashing Talk key 📞. Accept a call:

*   Press the Talk key 📞 or ▶ **Accept**
*   If **Auto Answer** is activated: ▶ Remove the handset from the charging cradle
*   Accept a call with the Gigaset L410 handsfree clip: ▶ Press the Talk key 📞.

> The Gigaset L410 is registered to the base station → Gigaset L410 user guide

Switch off ringtone: ▶ **Silence** . . . the call can be accepted for as long as it is shown on the display

Making internal calls

▶ 🔲 Press **briefly** . . . the handset list is opened, this handset is indicated by < ▶ . . . use 🔲 to select handset or **Call all** (group call) ▶ Press the Talk key 📞

Fast access for group call:

▶ 🔲 Press **briefly** ▶ ＊

or ▶ 🔲 press and **hold**

Internal calls to other handsets registered to the same base station are free of charge.

You hear the busy tone if:

*   there is already an internal connection
*   The handset being called is not available (deactivated, outside of range).
*   The internal call is not accepted within 3 minutes.

Internal consultation call/internal transfer

Call an **external** participant and transfer the call to an **internal** participant or hold a consultation call with him or her.

▸ 🔲 ▸ . . . the list of handsets is opened ▸ . . . use 🔁 to select a handset or **Call all** ▸ **OK** . . . the internal participant(s) are called . . . possible options:

Hold a consultation call:

▸ Speak to the internal participant

Return to the external call:

▸ **Options** ▸ 🔁 **End active call** ▸ **OK**

Transfer the external call when the internal participant has answered:

▸ Announce an external call ▸ Press the End call key 🔲

Transfer the external call before the internal participant answers:

▸ Press the End call key 🔲 . . . the external call is forwarded immediately. If the internal participant does not answer or the line is busy, the external call will automatically return to you.

End the internal call if the internal participant does **not** answer or the line is busy:

▸ **End** . . . You return to the external call

Establishing a conference call/call swapping

Conduct a call while a second call is being held. Both callers are indicated on the display.

- Call swapping: ▸ Use 🔁 to swap between both participants.
- Establish a three-way conference call: ▸ **Conf.**
- End a conference call: ▸ **End Conf.** . . . You have been connected back to external participant . . . ▸ use 🔁 to swap between both participants

The other participants end the conference call using the End call key 🔲.

Accepting/rejecting call waiting

An external call arriving during an internal call is indicated with a call waiting tone. If the number is transferred, you will see the number or the name of the caller on the display.

- Rejecting a call: ▸ **Reject**

The call waiting tone is turned off. The call continues to be indicated on the other registered handsets.

- Accepting a call: ▸ **Accept** . . . Speak to the new caller, the previous call is placed on hold.

Internal call waiting during an external call

If an internal participant attempts to call you while you are involved in an external or internal call, this call is shown on the display (**Call Waiting**).

- End display: ▸ Press any key
- Accept the internal call: ▸ End your current call

The internal call is indicated in the usual way. You can accept the call.

Listening in to an external call

You are conducting an external call. An internal participant can listen in to this call and take part in the conversation (conference).

The **Listening In** function must be activated.

Activating/deactivating internal listening in

▶ ■ ▶ . . . use ▲▼ to select 🔧 **Settings** ▶ **OK** ▶ 🔲 **Telephony** ▶ **OK** ▶ 🔲 **Listening In** ▶ **Change** (☑ = on)

Internal listening in

The line is engaged with an external call. Your screen will display information to that effect. You can listen in to the external call.

▶ 🔲 Press and **hold** . . . all participants will hear a signal tone

Ending listening in

▶ Press 🔲 . . . all participants will hear a signal tone

During a conversation

Handsfree mode

Activating/deactivating handsfree mode during a call and when establishing a connection:

▶ Press the handsfree key 🔲

Call volume

Applies to the current mode (handsfree, receiver or headset):

▶ Press🔲 ▶ . . . use 🔲 to set the volume ▶ **Save**

The setting is automatically saved after around 3 seconds, even if **Save** is not pressed.

Muting the microphone

When the microphone is switched off, callers will no longer hear you.

Switch the microphone on/off during a call: ▶Press 🔲.

Message lists

Notifications about missed calls, messages on the network mailbox, received SMS messages and missed alarms are saved in the messages list.

As soon as a **new message** arrives, an advisory tone will sound. The Message key 🖂 also flashes (if activated). Icons for message types and the number of new messages are shown on the idle display.

Notification for the following message types is available:

ᴑᴑ on the network mailbox

🕵 in the missed calls list

☑ in the SMS message list

🗒 in the missed alarms list

Example

▮▮	ᴑᴑ	▭
		07:15
INT 1		14 Oct
ᴑᴑ	🕵	☑ 🗒
02	10	09 08
Calls		Calendar
ⓘ   The icon for the network mailbox is always displayed, provided the number is stored in the telephone. The other lists are only displayed if they contain messages.

Display messages:

▶ Press the Message key 🖂 … Messages lists that contain messages are displayed, **Mailbox:** is always displayed

An entry is marked in **bold**: new messages are available. The number of new messages is shown in brackets.

An entry is **not** marked in bold: no new messages. The number of old messages is shown in brackets.

▶ … use 🔼 to select a list ▶ **OK** … the calls or messages are listed

Network mailbox: The network mailbox number is dialled.

Example

Messages & Calls	
Missed Calls:	**(5)**
Mailbox:	**(1)**
SMS:	(4)
Missed Alarms:	(2)
Back	OK

Call lists

The telephone saves different types of calls (missed, accepted and outgoing calls) in lists.

List entry

The following information is displayed in the list entries:

Example

- The list type (in the header)
- Icon for the type of entry:

  Missed calls,

  Accepted calls,

  Outgoing calls

- Caller's number. If the number is stored in the directory, the name and number type (*Phone (Home)*, *Phone (Office)*, *Phone (Mobile)*) are shown instead. In the event of missed calls, the number of missed calls from this number is also shown in square brackets.

Copy the number to the directory:

▶ ... use to select entry ▶ **Options** ▶ **Copy to Directory**

Delete an entry: ▶ ... use to select entry ▶ **Options** ▶ **Delete entry** ▶ **OK**

Delete list: ▶ **Options** ▶ **Delete List** ▶ **OK** ▶ **Yes**

Directory

The local directory is unique to the handset. However, it is possible to send entries to other handsets (→ p. 19).

Opening the directory

▶ **Briefly** press ⬜ in idle status

Directory entries

Number of entries:	up to 200
Information:	First name and surname, up to three telephone numbers, anniversary with alert, VIP ringtone with VIP icon
Length of the entries:	Numbers: max. 32 digits First name, surname: max. 16 characters

Creating an entry

▶ ⬜ ▶ 🔼 **<New Entry>** ▶ **OK** ▶ . . . use 🔼 to switch between the entry fields and enter data for an entry.

Save entry: ▶ **Save**

ⓘ The entry is only valid if it contains at least one number.

Searching for/selecting a directory entry

▶ ⬜ ▶ . . . use 🔼 to browse searched names

or

▶ ⬜ ▶ . . . use 🔡 to enter initial letters (max. 8 letters) . . . the display jumps to the first name starting with these initial letters ▶ . . . use 🔼 to continue browsing to the desired entry, if needed

Scroll through directory: ▶ ⬜ ▶ Press and **hold** 🔼

Displaying/changing an entry

▶ ⬜ ▶ . . . use 🔼 to select entry ▶ **View** ▶ . . . use 🔼 to select the field to be changed ▶ **Edit**

or

▶ ⬜ ▶ . . . use 🔼 to select an entry ▶ **Options** ▶ **Edit entry** ▶ **OK**

Deleting entries

Delete the **selected** entry: ▶ ⬜ ▶ . . . use 🔼 to select an entry ▶ **Options** ▶ 🔼 **Delete entry** ▶ **OK**

Delete **all** entries: ▶ ⬜ ▶ **Options** ▶ 🔼 **Delete List** ▶ **OK** ▶ **Yes**

Setting the order of the directory entries

Directory entries can be sorted by first name or surname.

▸ 🔲 ▸ **Options** ▸ 🔼 **Sort by Surname** / **Sort by First Name**

If no name was entered, the default telephone number is shown in the surname field. These entries appear at the beginning of the list, regardless of how the entries are sorted.

The sort order is as follows:

Space | Digits (0-9) | Letters (alphabetically) | Other characters.

Copying an entry/directory

The sending and receiving handset must both be registered to the same base station.

The other handset and the base station are able to send and receive directory entries.

An external call interrupts the transfer.

Caller pictures and sounds are not transferred. Only the date is transferred for an anniversary.

Both handsets support vCards:

• No entry with the name is available: a new entry is created.
• An entry with the name is already available: The entry is expanded to include the new numbers. If the entry contains more numbers than allowed by the recipient handset, a second entry is created with the same name.

The recipient handset does not support vCards:

A separate entry is created and sent for each number.

The sending handset does not support vCards:

A new entry is created on the receiving handset and the transferred number is added to the **Phone (Home)** field. If an entry with this number already exists, the copied number is discarded.

Copying individual entries

▸ 🔲 ▸ . . . use 🔼 to select the desired entry ▸ **Options** ▸ 🔼 **Copy Entry** ▸ **OK** ▸ 🔼 **to Internal** ▸ **OK** ▸ . . . use 🔼 to select the receiving handset ▸ **OK** . . . the entry is copied

Copy the next entry after successful transfer: ▸ Press **Yes** or **No**

Use **vCard via SMS** to send a directory entry in vCard format by SMS.

Copying the entire directory

▸ 🔲 ▸ **Options** ▸ 🔼 **Copy List** ▸ **OK** ▸ 🔼 **to Internal** ▸ **OK** ▸ . . . use 🔼 to select the receiving handset ▸ **OK** . . . the entries are copied one after the other

Additional functions

Calendar

You can remind yourself of up to **30 appointments**.

In the calendar, the current day is outlined in white; on days with appointments, the numbers are displayed in colour. When a day is selected, it will be outlined in colour.

July 2015						
Mo	Tue	We	Th	Fri	Sat	Su
	01	02	03	04	05	06
07	08	09	10	11	12	13
14	15	16	17	18	19	20
21	22	23	24	25	26	27
28	29	30	31			

Back   OK

Saving appointments to the calendar

Date and time have been set.

▶ ■ ▶ . . . use 🔄 to select 📇 ⭐ **Additional Features** ▶ **OK** ▶ 🔄 **Calendar** ▶ **OK** ▶ . . . use 🔄 to select desired day ▶ **OK** . . . then

Switch on/off: ▶ **Activation:** . . . use ◀ ▶ to select **On** or **Off**

Enter information for the appointment:

     ▶ . . . use 🔲 to successively select **Date**, **Time**, **Text** and **Signal** ▶ . . . use 🔢 or ◀ ▶ to set the relevant value ▶ **Save**

ⓘ If an appointment has already been entered: ▶ 🔄 **<New Entry>** ▶ **OK** ▶ . . . Then enter information for the appointment.

Notification of appointments/anniversaries

Anniversaries are transferred from the directory and displayed as an appointment. An appointment/anniversary is displayed in idle status and the selected ringtone plays for 60 seconds as a notification.

• Acknowledge and stop the reminder: ▶ Press the display key **OFF**

• Respond with SMS: ▶ Press the display key **SMS** . . . the SMS menu is displayed

ⓘ During a call, a reminder is indicated on the handset **once** with an advisory tone on the handset.

Alarm clock

Date and time have been set.

Activating/deactivating the alarm clock and setting the wake-up time

▶ ■ ▶ . . . use 🔄 to select ▦ ⭐ **Additional Features** ▶ **OK** ▶ 🔄 **Alarm Clock** ▶ **OK**
. . . then

Switch on/off: ▶ **Activation**: . . . use 🔳 to select **On** or **Off**

Enter alarm data: ▶ . . . use 🔲 to successively select **Time**, **Occurrence**, **Volume** and
Melody ▶ . . . use 🔢 or 🔳 to set the relevant value ▶ **Save**

When the alarm clock is activated, the icon 🕐 and the wake-up time are displayed in idle
display.

Alarm

An alarm is shown on the display and indicated by the selected ringtone melody. The alarm
sounds for 60 seconds. If no key is pressed, the alarm is repeated after 5 minutes. After the
second repetition, the alarm call is deactivated for 24 hours.

ⓘ During a call, the alarm is only indicated by a short tone.

Switching off /repeating the alarm after an interval (snooze mode)

Deactivate the alarm: ▶ **OFF**

Repeat the alarm (snooze mode): ▶ Press **Snooze** or any key . . . the alarm is switched off and
repeated after 5 minutes.

Baby monitor

When the baby monitor is switched on, the stored (internal or external) destination number is called as soon as a defined noise level is exceeded in the vicinity of the handset. The alarm to an external number is cancelled after approximately 90 seconds.

You can answer the alarm using the **Two Way Talk** function. This function is used to switch the loudspeaker of the handset located in the baby's room on or off.

In baby monitor mode, incoming calls are only indicated on the display (**without ringtone**). The display backlight is reduced to 50%. Advisory tones are deactivated. All keys are locked, with the exception of the display keys and the ability to press the centre of the control key.

If you accept an incoming call, the baby monitor mode is suspended for the duration of the call, but the function **remains** activated. The baby monitor mode is not deactivated by switching the handset off and on again.

> The handset should be positioned 1 to 2 metres away from the baby. The microphone must point towards the baby.
>
> Activating the function reduces the operating time of your handset. For that reason, place the handset in the charging cradle if necessary.
>
> The baby monitor is activated 20 seconds after switching on.
>
> The answer machine for the destination number must be switched off.
>
> After switching on:
> ▸ Test sensitivity.
> ▸ Test the connection, if the alarm is being forwarded to an external number.

Activating and setting the baby monitor

▸ ◼ ▸ ... use ▦ to select ★ **Additional Features** ▸ **OK** ▸
▢ **Baby Monitor** ▸ **OK** ... then

Switch on/off:
▸ **Activation:** ... use ◂▸ to select **On** or **Off**

Enter destination:
▸ ▢ **Send alarm to** ▸ ... use ◂▸ to select **External or Internal**
External: ▸ ▢ **Number** ▸ ... use ▦ to select number or select a number from the directory: ▸ ▣
Internal: ▸ ▢ **Handset** ▸ **Change** ▸ ... use ▢ to select the handset ▸ **OK**

Activate/deactivate two-way talk:
▸ ▢ **Two Way Talk** ▸ ... use ◂▸ to select **On** or **Off**

Set microphone sensitivity:
▸ ▢ **Sensitivity** ▸ ... use ◂▸ to select **High** or **Low**

Save settings: ▸ **Save**

Baby Monitor activated

▾▸	▭
	07:15
INT 1	14 Oct
	🛏 📶
	Baby Monitor
	0891234567
OFF	Options
The destination number is displayed in idle display when the baby monitor is activated.

Switching off/interrupting the alarm

Switch off the alarm: ▸ In idle status press the display key **OFF**

Interrupt the alarm: ▸ Press the End call key 🔚 during an alarm

Deactivating the alarm remotely

> The alarm is forwarded to an external destination number.
>
> The receiving phone supports tone dialling.

▸ Accept alarm call ▸ Press keys 9 # . . . the call is ended

The alarm is deactivated and the handset is in idle status. The baby monitor settings on the handset (e.g. no ringtone) will remain activated until you press the display key **OFF**.

Reactivate baby monitor with the same number: ▸ . . . Reactivate (➡ p. 22) ▸ **Save**

ECO DECT

The device range is set to maximum as default. This guarantees the best connection between the handset and the base station. In idle status, the handset will not function (as it is not transmitting). Only the base station will maintain contact with the handset via a low wireless signal. During a call, the transmission power automatically adapts to the distance between the base station and handset. The smaller the distance to the base, the lower the radiation.

To reduce the radiation further:

Reducing radiation by up to 80%

▶ ■ ▶ . . . use 🔄 to select 🔧 **Settings** ▶ **OK** ▶ 🔼 **ECO DECT** ▶ **OK** ▶ **Maximum Range** ▶ **Change** (■ = off)

ⓘ The range is also reduced with this setting.

It is not possible to use a repeater to increase the range.

Deactivating radiation in idle status

▶ ■ ▶ . . . use 🔄 to select 🔧 **Settings** ▶ **OK** ▶ 🔼 **ECO DECT** ▶ **OK** ▶ 🔼 **No Radiation** ▶ **Change** (☑ = on)

ⓘ To benefit from the advantages of the setting **No Radiation**, all registered handsets must support this feature.

If the setting **No Radiation** is activated and a handset is registered to the base that does not support this feature, **No Radiation** is automatically deactivated. As soon as this handset is de-registered, **No Radiation** will automatically be re-activated.

The wireless connection will only be established for an incoming or outgoing call and the connection will be delayed by about 2 seconds.

In order that a handset can establish a wireless connection with the base station more quickly for an incoming call, it must "listen" to the base station more often, i.e. scan the environment. This increases power consumption and reduces the standby and talk-time of the handset.

When **No Radiation** is activated, there will be no range display/range alarm on the handset. Contactability can be tested by attempting to establish a connection.

▶ Press and **hold** the Talk key 📞 . . . the ringing tone will sound.

Further information can be found at www.gigaset.com.

Protection against unwanted calls

Time control for external calls

✓ Date and time have been set.

Enter a time period during which the handset should suspend ringing to indicate external calls e.g. during the night.

Example

▶ ▮ ▶ ... use 🔄 to select 🔧 **Settings** ▶ **OK** ▶ 🔼 **Audio Settings** ▶ **OK** ▶ 🔼 **Ringtones (Handset)** ▶ **OK** ▶ 🔼 **Time Control** ▶ **OK** ▶ ... then

Switch on/off:	▶ use 🔄 to select **On** or **Off**
Enter time:	▶ use 🔼 to switch between **Suspend ring. from** and **Suspend ring. until** ▶ ... use ⌗ to enter start and end in 4-digit format
Save:	▶ **Save**

Time Control
For external calls:
On
Suspend ring. from:
22:00
Suspend ring. until:
07:00
Back   Save
ⓘ The time control only applies to the handset for which the setting is configured.

The telephone will continue to ring for numbers that have been assigned to a VIP group in the directory.

Protection from anonymous callers

The handset will not ring if callers' numbers are not revealed. This setting can be applied to only one or to all registered handsets.

For one handset

▶ ▮ ▶ ... use 🔄 to select 🔧 **Settings** ▶ **OK** ▶ 🔼 **Audio Settings** ▶ **OK** ▶ 🔼 **Ringtones (Handset)** ▶ **OK** ▶ 🔼 **Anon. Calls Silent** ▶ **Edit** (☑ = on) ... the call is only signalled on the display

For all handsets

▶ ▮ ▶ ... use 🔄 to select 🔧 **Settings** ▶ **OK** ▶ 🔼 **Telephony** ▶ **OK** ▶ **Anonymous Calls** ▶ **Edit** (☑ = on) ▶ ... use 🔄 to select **Protection Mode**:

No Protection	Anonymous calls are indicated in the same way as identified numbers
Silent Call	The telephone will not ring and the incoming call will only appear in the display.
Block Call	The telephone will not ring and the incoming call will not appear in the display. The caller will hear the busy tone.

Save settings: ▶ **Save**

Other functions

The telephone also offers other functions: e.g. Compose and send SMS

ⓘ Further information about these functions can be found in the detailed user guide for the Gigaset CL750 at ➜ www.gigaset.com/manuals

Appendix

Customer Service & Assistance

Do you have any questions? As a Gigaset customer, you can find help quickly in this User Manual and in the service section of our Gigaset online portal www.gigaset.com/service.

Please register your phone online right after purchase.

This enables us to provide you with even better service regarding questions or a warranty claim. In order to contact our customer service via email, please use the email contact form from our Gigaset online portal after selecting your home country.

Our representatives are also available on the telephone hotlines for consultation.

Please have your record of purchase ready when calling.

Replacement or repair services are not offered in countries where our product is not sold by authorised dealers.

Guarantee Certificate - United Kingdom

Without prejudice to any claim the user (customer) may have in relation to the dealer or retailer, the customer shall be granted a manufacturer's Guarantee under the conditions set out below:

- In the case of new devices and their components exhibiting defects resulting from manufacturing and/or material faults within 24 months of purchase, Gigaset Communications shall, at its own option and free of charge, either replace the device with another device reflecting the current state of the art, or repair the said device. In respect of parts subject to wear and tear (including but not limited to, batteries, keypads, casing), this warranty shall be valid for six months from the date of purchase.
- This Guarantee shall be invalid if the device defect is attributable to improper treatment and/or failure to comply with information contained in the user guides.
- This Guarantee shall not apply to or extend to services performed by the authorised dealer or the customer themselves (e. g. installation, configuration, software downloads). User guides and any software supplied on a separate data medium shall be excluded from the Guarantee.
- The purchase receipt, together with the date of purchase, shall be required as evidence for invoking the Guarantee. Claims under the Guarantee must be submitted within two months of the Guarantee default becoming evident.
- Ownership of devices or components replaced by and returned to Gigaset Communications shall vest in Gigaset Communications.
- This Guarantee shall apply to new devices purchased in the European Union. For Products sold in the United Kingdom the Guarantee is issued by: Gigaset Communications UK Limited, 2 White Friars, Chester, CH1 1NZ.
- Any other claims resulting out of or in connection with the device shall be excluded from this Guarantee. Nothing in this Guarantee shall attempt to limit or exclude a Customers Statutory Rights, nor the manufacturer's liability for death or personal injury resulting from its negligence.
- The duration of the Guarantee shall not be extended by services rendered under the terms of the Guarantee.
- Insofar as no Guarantee default exists, Gigaset Communications reserves the right to charge the customer for replacement or repair.
- The above provisions does not imply a change in the burden of proof to the detriment of the customer.

To invoke this Guarantee, please contact the Gigaset Communications telephone service. The relevant number is to be found in the accompanying user guide.

Guarantee Certificate - Ireland

Without prejudice to any claim the user (customer) may have in relation to the dealer or retailer, the customer shall be granted a manufacturer's Guarantee under the conditions set out below:

- In the case of new devices and their components exhibiting defects resulting from manufacturing and/or material faults within 24 months of purchase, Gigaset Communications shall, at its own option and free of charge, either replace the device with another device reflecting the current state of the art, or repair the said device. In respect of parts subject to wear and tear (including but not limited to, batteries, keypads, casing), this warranty shall be valid for six months from the date of purchase.
- This Guarantee shall be invalid if the device defect is attributable to improper care or use and/or failure to comply with information contained in the user manuals. In particular claims under the Guarantee cannot be made if:
- The device is opened (this is classed as third party intervention)
- Repairs or other work done by persons not authorised by Gigaset Communications.
- Components on the printed circuit board are manipulated
- The software is manipulated
- Defects or damage caused by dropping, breaking, lightning or ingress of moisture. This also applies if defects or damage was caused by mechanical, chemical, radio interference or thermal factors (e.g.: microwave, sauna etc.)
- Devices fitted with accessories not authorised by Gigaset Communications
- This Guarantee shall not apply to or extend to services performed by the authorised dealer or the customer themselves (e.g. installation, configuration, software downloads). User manuals and any software supplied on a separate data medium shall be excluded from the Guarantee.

Manufacturer's advice

- The purchase receipt, together with the date of purchase, shall be required as evidence for invoking the Guarantee. Claims under the Guarantee must be submitted within two months of the Guarantee default becoming evident.
- Ownership of devices or components replaced by and returned to Gigaset Communications shall vest in Gigaset Communications.
- This Guarantee shall apply to new devices purchased in the European Union. For Products sold in the Republic of Ireland the Guarantee is issued by Gigaset Communications UK Limited, 2 White Friars, Chester, CH1 1NZ.
- Any other claims resulting out of or in connection with the device shall be excluded from this Guarantee. Nothing in this Guarantee shall attempt to limit or exclude a Customers Statutory Rights, nor the manufacturer's liability for death or personal injury resulting from its negligence.
- The duration of the Guarantee shall not be extended by services rendered under the terms of the Guarantee.
- Insofar as no Guarantee default exists, Gigaset Communications reserves the right to charge the customer for replacement or repair.
- The above provisions does not imply a change in the burden of proof to the detriment of the customer.

To invoke this Guarantee, please contact the Gigaset Communications helpdesk. This number is also to be found in the accompanying user guide.

Exclusion of liability

Your handset's display consists of pixels. Each pixel consists of three sub-pixels (red, green, blue).

It may be the case that a sub-pixel is missing or has a colour deviation.

A warranty claim is only valid if the maximum number of permitted pixel errors is exceeded.

Description	Maximum number of permitted pixel errors
Colour illuminated sub-pixels	1
Dark sub-pixels	1
Total number of coloured and dark sub-pixels	1

Signs of wear on the display and casing are excluded from the warranty.

Manufacturer's advice

Authorisation

This device is intended for use worldwide. Use outside the European Economic Area (with the exception of Switzerland) is subject to national approval.

Country-specific requirements have been taken into consideration.

We, Gigaset Communications GmbH, declare that this device meets the essential requirements and other relevant regulations laid down in Directive 1999/5/EC.

The EC declaration of your country according to 1999/5/EC can be found at:
www.gigaset.com/docs.

This declaration could also be available in the "International Declarations of Conformity" or "European Declarations of Conformity" files.

Therefore please check all of these files.

CE 0682

Environment

Environmental management system

Gigaset Communications GmbH is certified pursuant to the international standards ISO 14001 and ISO 9001.

ISO 14001 (Environment): Certified since September 2007 by TÜV SÜD Management Service GmbH.

ISO 9001 (Quality): Certified since 17/02/1994 by TÜV SÜD Management Service GmbH.

Disposal

Batteries should not be disposed of in general household waste. Observe the local waste disposal regulations, details of which can be obtained from your local authority.

All electrical and electronic products should be disposed of separately from the municipal waste stream via designated collection facilities appointed by the government or the local authorities.

This crossed-out wheeled bin symbol on the product means the product is covered by the European Directive 2002/96/EC.

The correct disposal and separate collection of your old appliance will help prevent potential negative consequences for the environment and human health. It is a precondition for reuse and recycling of used electrical and electronic equipment.

For more detailed information about disposal of your old appliance, please contact your local council refuse centre or the original supplier of the product.

Care

Wipe the device with a **damp** cloth or an antistatic cloth. Do not use solvents or microfibre cloths.

Never use a dry cloth; this can cause static.

In rare cases, contact with chemical substances can cause changes to the device's exterior. Due to the wide variety of chemical products available on the market, it was not possible to test all substances.

Impairments in high-gloss finishes can be carefully removed using display polishes for mobile phones.

Contact with liquid

If the device comes into contact with liquid:

1 **Disconnect the power supply.**

2 **Remove the batteries and leave the battery compartment open.**

3 Allow the liquid to drain from the device.

4 Pat all parts dry.

5 Place the device in a dry, warm place **for at least 72 hours** (**not** in a microwave, oven etc.) with the battery compartment open and the keypad facing down (if applicable).

6 **Do not switch on the device again until it is completely dry.**

When it has fully dried out, you will normally be able to use it again.

Technical data

Batteries

Technology:	2 x AAA NiMH
Voltage:	1.2 V
Capacity:	750 mAh

Handset operating times/charging times

The operating time of your Gigaset depends on the capacity of the battery, its age and the way it is used. (All times are maximum possible times.)

Standby time (hours) *	320/180
Talktime (hours)	14
Operating time with 1.5 hours of calls per day (hours) *	120/95
Charging time in charging cradle (hours)	7.5

* No Radiation switched on/off, without display backlight in idle status

> The telephone operating times will increase if a more efficient battery is used.

General specifications

DECT standard	Supported
GAP standard	Supported
No. of channels	60 duplex channels
Radio frequency range	1880-1900 MHz
Duplex mode	Time division multiplexing, 10 ms frame length
Repetition frequency of the transmission pulse	100 Hz
Duration of the transmission pulse	370 µs
Channel grid	1728 kHz
Bit rate	1152 kbit/s
Modulation	GFSK
Language code	32 kbit/s
Transmission power	10 mW average power per channel, 250 mW pulse power
Range	Up to 50 m indoors, up to 300 m outdoors
Environmental conditions for operation	+5 °C to +45 °C; 20% to 75% relative humidity
Dialling mode	DTMF (tone dialling)/PD (pulse dialling)
